Work: RöckbrunnStrße Tür Nr L-1002A, 5020 Salzburg (Austria)

ABOUT ME

BSc (Hons) Geography graduate and *Applied Geoinformatics* master's student at PLUS Salzburg, with applied expertise in *GIS, Remote Sensing, and Earth Observation*, and practical experience from internships and project-based work. I'm developing strong skills in geospatial data analysis, Python, and cloud-based spatial workflows, with a career goal of working as a Geospatial Data Scientist and Developer on data-driven spatial and environmental solutions.

EDUCATION AND TRAINING

Master of Science in Applied Geoinformatics

Paris Lodron Universität [01/10/2026 – Current]

Address: RöckburnnStrße Tür Nr L-1002A, 5020 Salzburg (Austria) | **Website:** www.plus.ac.at | **Field(s) of study:** Information and Communication Technologies: ● Software and applications development and analysis ; Natural sciences, mathematics and statistics: ● Earth sciences | **Level in EQF:** EQF level 7

Diploma in Geoinformatics

ACCELCRAFT Institute of (GIS and Remote sensing) Geoinformatics Technology [10/07/2025 – Current]

City: Guwahati | **Country:** India | **Website:** https://accelcraft.in/ | **Field(s) of study:** Natural sciences, mathematics and statistics: ● Earth sciences | **Level in EQF:** EQF level 5 | **NQF Level:** 5

Applied training in Geoinformatics including Geographic Information Systems (GIS), cartography, spatial data handling, and remote sensing and photogrammetry concepts. Practical exposure to ArcMap, ArcScene, ArcGIS Pro, QGIS, AutoCAD Map, MicroStation, ERDAS Imagine, and workflows in drone-based mapping (Pix4D & Agisoft Metashape), LiDAR Mapping, Bentley Microstation, 3D photogrammetry (3DLPS), and Google Earth Engine.

B.Sc.(H) Geography

Assam Royal Global University [22/08/2022 – 20/06/2025]

City: Guwahati | **Country:** India | **Website:** www.rgu.ac | **Field(s) of study:** Natural sciences, mathematics and statistics: ● Earth sciences | **Final grade:** First Division with Distinction CGPA 8.97 | **Level in EQF:** EQF level 6 | **NQF Level:** 6 | **Type of credits:** ECTS | **Number of credits:** 180 | **Thesis:** Delineating the Catchment Area of the Batha River Ubhati Outlet using QGIS 3.16.0.

Geography with a strong foundation in physical and human geography and applied training in Geographic Information Systems (GIS), cartography, geomorphology, climatology, oceanography, environmental geography, urban and regional geography, disaster management, quantitative-methods and field-based geographical surveys.

WORK EXPERIENCE

Department of Irrigation, Assam – Guwahati, India

Website: https://irrigation.assam.gov.in/ | **Name of unit or department:** Department of Irrigation, Assam - **Business or sector:** Agriculture, forestry and fishing

GIS Intern

[01/07/2024 – 31/08/2024]

Intern, GIS & Hydrology, Irrigation Department, Guwahati
Guwahati West Palashbari Division

Delineated the catchment area of the Batha River Ubhati Outlet using QGIS 3.16.0 to support irrigation planning and water resource management.

- Analyzed topographic and hydrological data to identify watershed boundaries and map the catchment.
- Worked with engineers to apply the results to irrigation planning.
- Prepared technical reports documenting the delineation for departmental use.

GeoVigyan – Guwahati, India

Website: https://www.geovigyan.com/ | **Name of unit or department:** GeoVigyan - **Business or sector:** Education

GIS Trainee

[01/06/2024 – 31/07/2024]

Virtual Summer Intern, GeoVigyan
Environmental Vulnerability and Health Monitoring Using Remote Sensing and GIS, Palamau Tiger Reserve, Jharkhand
Assessed forest health and land use/land cover (LULC) change using Google Earth Engine and ArcGIS 10.7.1, with Landsat 8 imagery from USGS Earth Explorer.

- Mapped and quantified LULC changes (vegetation, agriculture, built-up, water) using Random Forest classification with accuracy assessment.
- Evaluated forest health with an NDVI-based Forest Health Index, identifying predominantly "average" vegetation condition shaped by seasonal, human, and natural stressors.
- Produced geospatial insights to support environmental monitoring, conservation planning, and sustainable management.

SKILLS

Technical Skills

QGIS / ArcGIS, ArcGIS Online, ArcGIS Pro / Python / R / Google Earth Engine / Data analysis with Python (Numpy, Matplotlib, Pandas, etc.) / Erdas Imagine / AutoCAD Map / 3D Modeling / Remote Sensing / Cartography / Bentley Microstation / Microsoft Office

Soft Skills

Teamwork / Effective communication / Self-learning ability / Time management

LANGUAGE SKILLS

Mother tongue(s): Assamese

Other language(s):

Hindi

LISTENING C1 **READING** C1 **WRITING** C1
SPOKEN PRODUCTION C1 **SPOKEN INTERACTION** C1

English

LISTENING C2 **READING** C1 **WRITING** C1
SPOKEN PRODUCTION C1 **SPOKEN INTERACTION** B2

German

LISTENING A2 **READING** A2 **WRITING** A2
SPOKEN PRODUCTION A2 **SPOKEN INTERACTION** A2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user
